Daily Bugle photographer Peter Parker's trip to the Florida Everglades is about to take a turn for the worse.

I bet the Lizard didn't expect Spider-Man to be on board.

Sorry, Lizard, but I
can't let you go
rocking the boat.

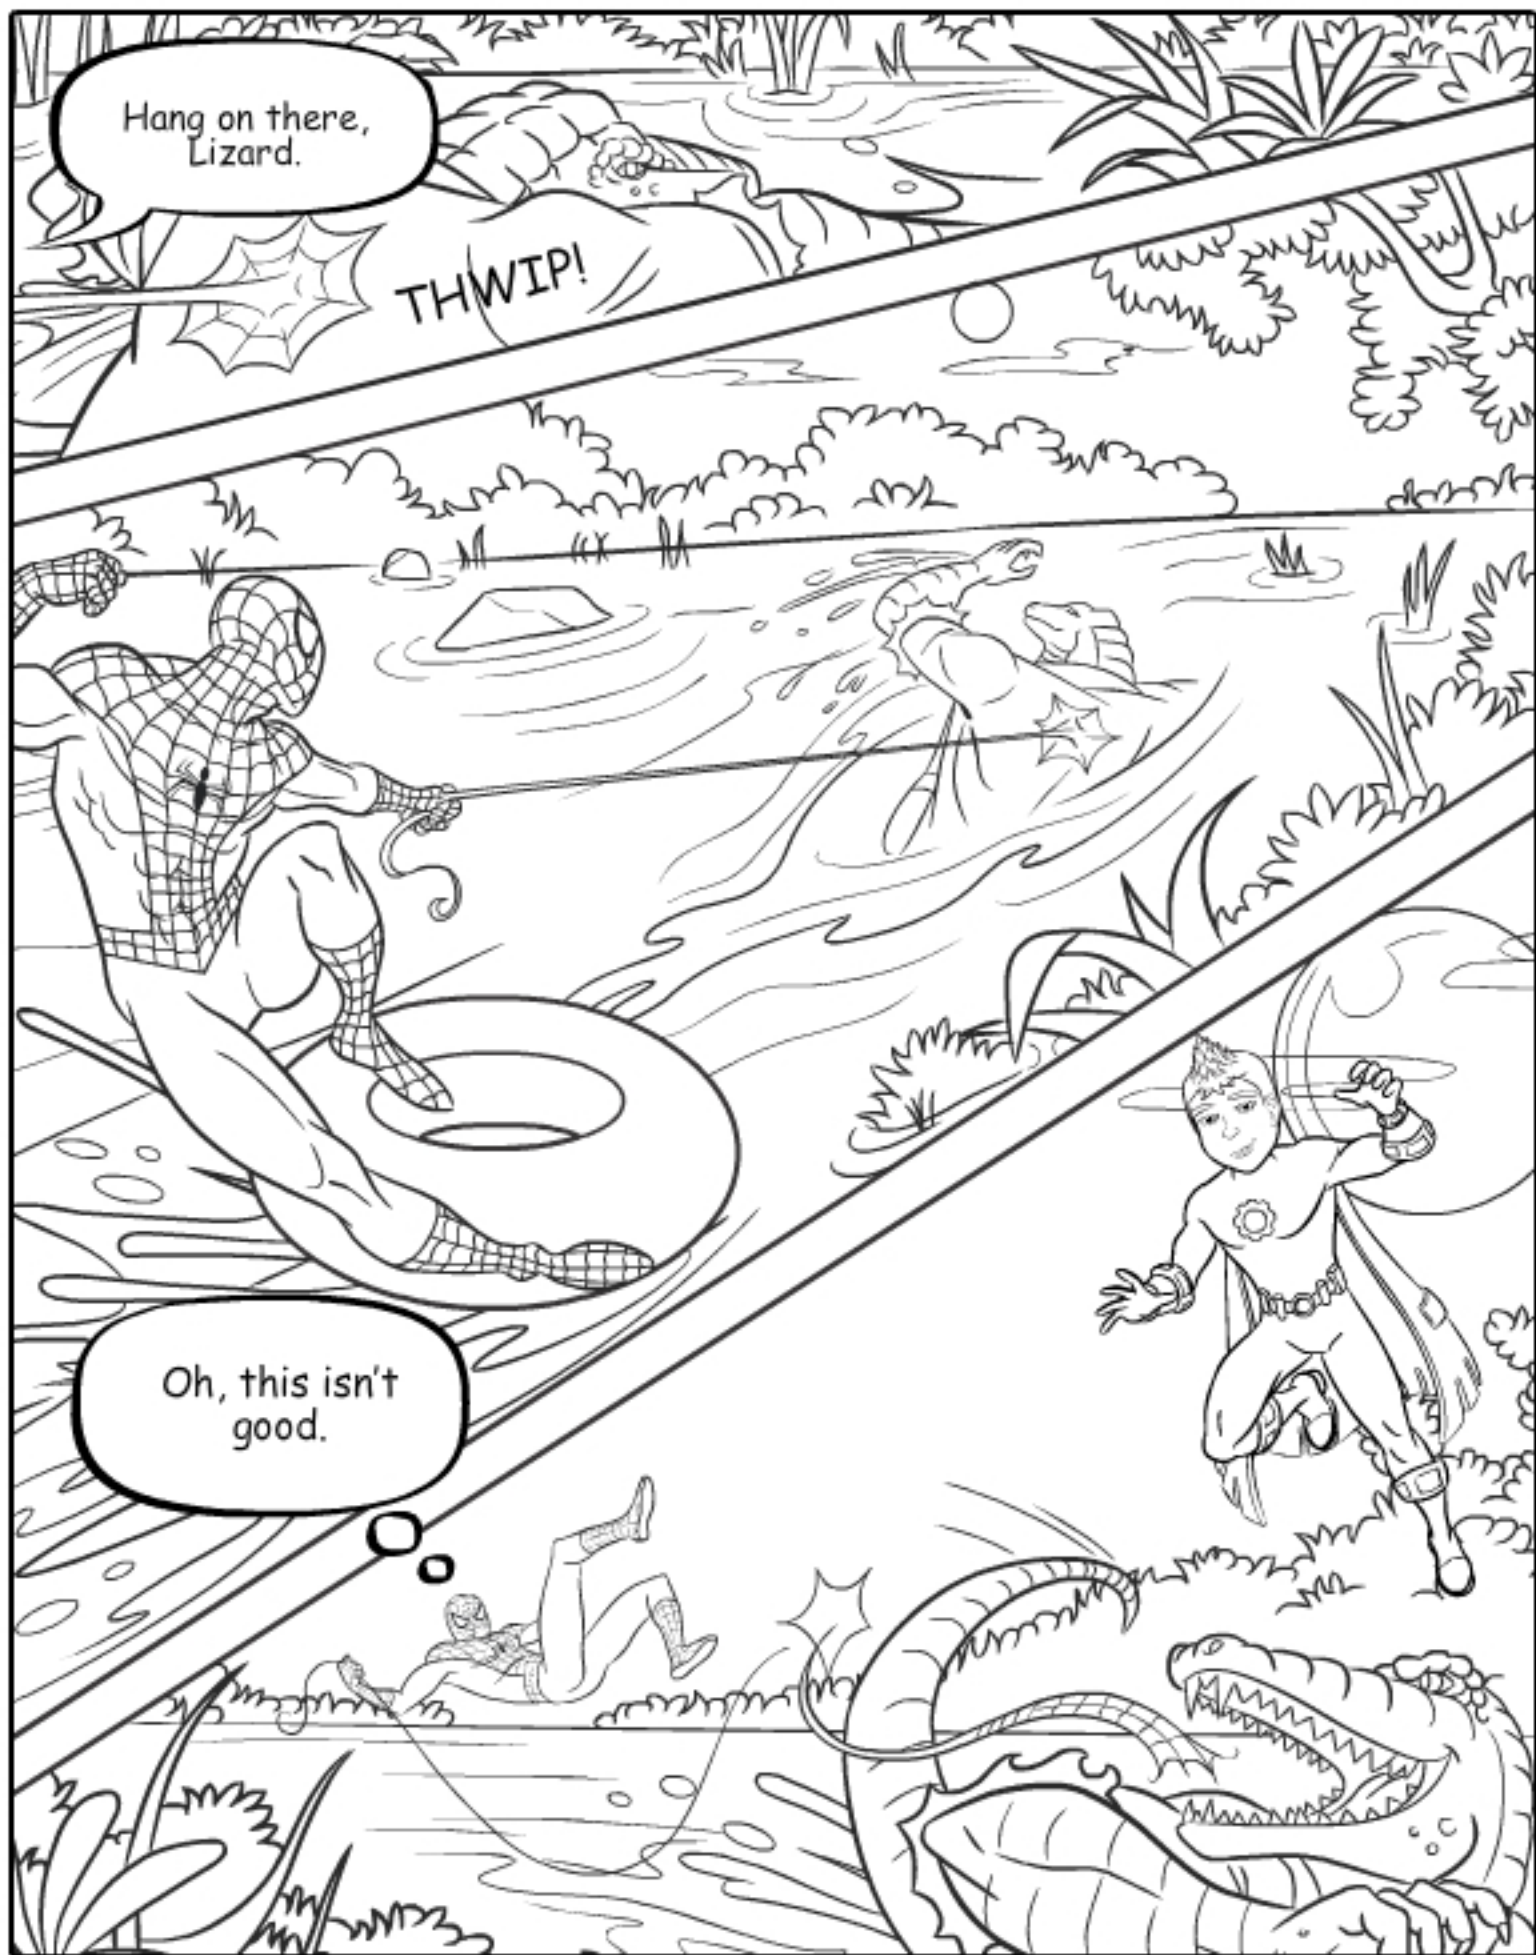

Hi, Spidey. I was in the
area and thought you
might want a hand with
fall, dark, and scaly.

Spider-Man!

Hang on there,
Lizard.

THWIP!

Oh, this isn't
good.

Hang on, Spidey!
I've got you.

Thanks for the lift,
Nova Noah.

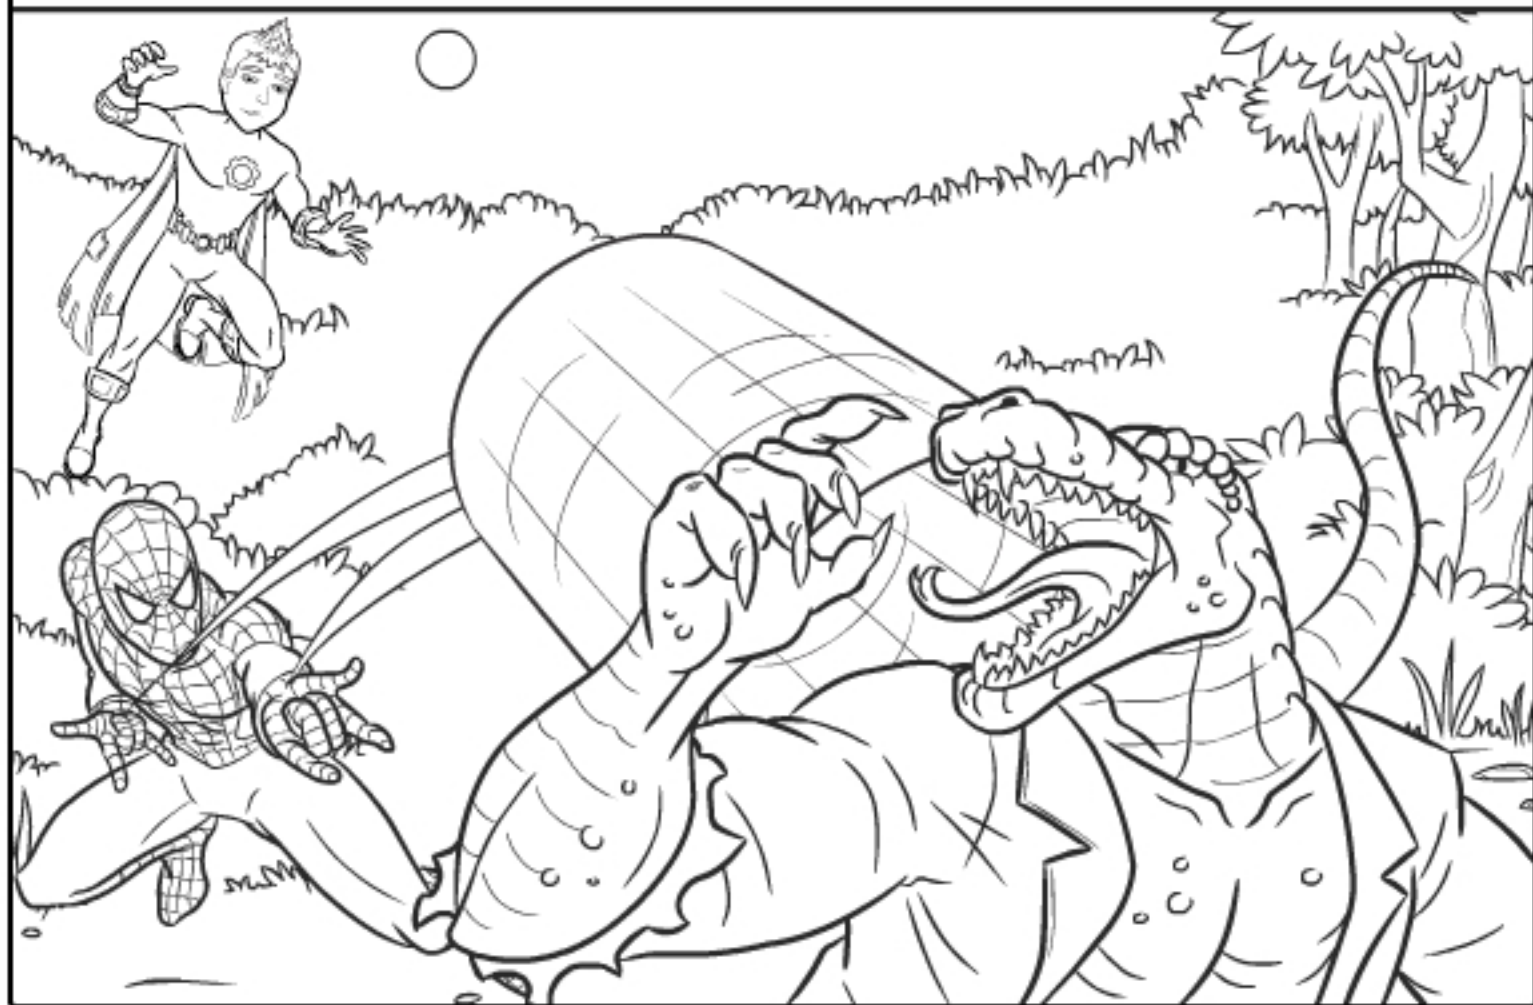

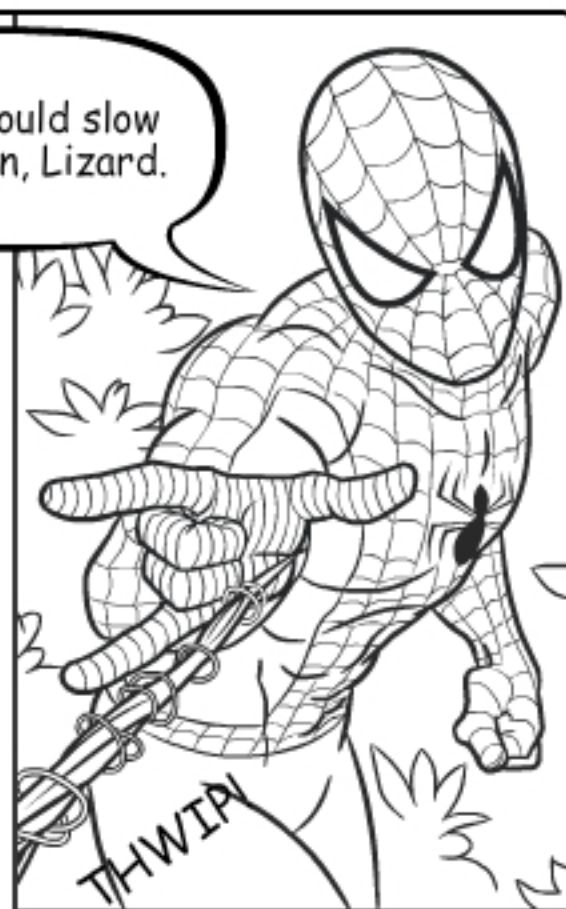

Leave me alone
Spider-Man. This is
your last warning!

...you were saying?

This should slow you down, Lizard.

A black and white comic book page showing Spider-Man and Iron Man in a jungle-like setting. Iron Man is in the foreground, looking towards the right. Spider-Man is in the background, crouching near a large rock. A large dinosaur is in the foreground, and several other dinosaurs are in the background. Iron Man has a speech bubble that says "I've got him trapped, Spidey." and another speech bubble that says "That should keep him until we can get the police here." Spider-Man is holding a small object in his hand.

I've got him trapped, Spidey.

That should keep him until we can get the police here.
